

# THE CREDITLINE

AUGUST 2016

## Meet and Greet the President and VP

Join us on **Thursday, September 1<sup>st</sup>** noon to 2:00 p.m. or **Friday, September 2<sup>nd</sup>** 9:00 a.m. to 11:00 a.m. to meet and chat with WSCU's administration.

We can't say "new" Administration because:

Connie Cannone has been the Vice President at WSCU for the last 21 years and is now the new President.

Debbie Nixon, the new Vice President has worked in multiple positions with WSCU for the last 19 years, the majority of those years were spent on the management team.

Come say hello and introduce yourself. If these times don't work for you, remember there is always Annual Meeting in February and Member Appreciation Day in late Spring to chat and say hello!

## What is a Credit Union?

Credit unions are not-for-profit organizations that exist to serve their members. Like banks, credit unions accept deposits, make loans and provide a wide array of other financial services. But as member-owned and cooperative institutions, credit unions provide a safe place to save and borrow at reasonable rates.

Credit unions are Member Owned- you are more than a member, you are part owner.

Credit union members have shared interests. WSCU was started by educators in the Greeley school district and then Weld Schools joined later on... this is our shared interest! We have now grown to include people who live in Colorado! (WSCU's heart and history will *always* be with educators as we support their classrooms through the Education Assistance Fund Grants.)

Credit unions are Cooperatives- The cooperative structure of credit unions creates a cycle of mutual assistance towards the common goal of the financial well-being of members.

One member's savings becomes another member's loan. The philosophy of Credit Unions all over the world is "People Helping People". This is also the belief of the staff of WSCU as we participate in food drives, giving trees and donations to charities.
