SEPTEMBER 2016

## Jeri Cranwell Education Assistance Fund Program

EAF is a grant program named for Jeri Cranwell, who was President of Weld Schools Credit Union from 1963 – 1990. The program is designed to provide extra funds for teachers in the classroom. Through the years WSCU has given over \$100,000.00 back to classrooms in Weld County one grant at a time!

The EAF continues to be supported by Weld Schools Credit Union to honor our “Roots in Education”. To be a member of WSCU you no longer need to have ties to the Weld County School Districts. Our membership now includes anyone who lives or works in Colorado.

The EAF application deadline was quickly approaching on September 30th, however we have extended it to October 15th in order to give teachers more time to settle into the school year and submit an application.

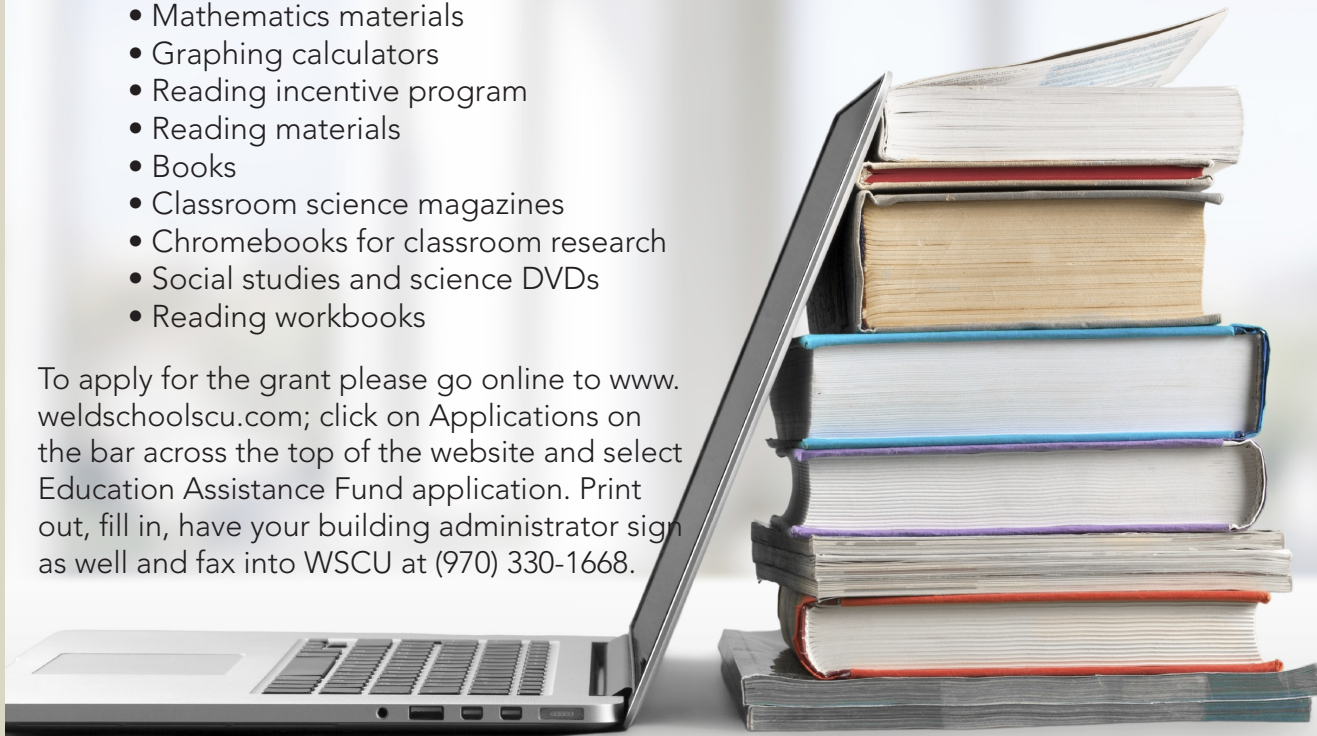

A few program guidelines to keep in mind:

- You must be in education and a member of WSCU to apply for EAF
- Applications are accepted and reviewed twice each year (February and October)
- Approved applications will have the checks mailed to the school building in the member/educator’s name and the school building name.
- Requests granted are usually under \$500.00
- Grant requests are to be for the sole benefit of students, not for training/ education of teachers or school employees.

A few examples of requests:

- Mathematics materials
- Graphing calculators
- Reading incentive program
- Reading materials
- Books
- Classroom science magazines
- Chromebooks for classroom research
- Social studies and science DVDs
- Reading workbooks

To apply for the grant please go online to [www.weldschoolscu.com](http://www.weldschoolscu.com); click on Applications on the bar across the top of the website and select Education Assistance Fund application. Print out, fill in, have your building administrator sign as well and fax into WSCU at (970) 330-1668.
