## Checks Ed.

Questions you're afraid to ask!

**Q:** Halleluja, I am getting a tax refund this year! What numbers do I put down for my checking or savings account so the IRS can deposit my money faster with no hassle?

**A:** The numbers you give to the "tax person" for your refund are very important. If you want the refund in your checking account then look at your personal checks. The first group of numbers on the bottom, left hand side are your Routing and Transit Numbers for WSCU. 307076724 The next set of numbers in the center is your checking account number. The last set of numbers you need to ignore, as they are the actual number of the check you are looking at! If you want your deposit to go into your regular savings account, then provide WSCU's routing number and your member number.

Here is how it breaks down at a glance:
